

BINGO MILLIONS

Bingo is one of the most popular number games. Thanks to its simple rules, it is loved by millions of players around the world!

SIT is one of the few companies worldwide that has the most experience related to Bingo multiplayer solutions. For more than 15 years, we are creating the most precise and attractive customer-tailored Bingo platforms.

“Bingo Millions” is played with numbers from 1 to 90, and each bingo card contains 15 different numbers arranged in three horizontal lines of five numbers each. The combination of numbers on the card is pre-determined. The winning numbers are drawn randomly.

GAME FEATURES

Winnings

The game has 14 winning combinations.
 The possible winning number combinations are visualized on the screen.
 If you achieve any of the described winning combinations, you win the corresponding prize amount displayed beneath it.

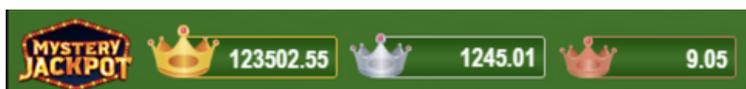

“Extra balls” option

After all 30 winning numbers are drawn you are given the chance to purchase from 1 to 10 extra balls.
 The price for each “Extra Ball” is different and is displayed next to the “Extra Ball” button.

Mystery Jackpot

Jackpots accumulate as a percentage of the bets made in the game. The jackpots are won randomly regardless of the game outcome.
